KENT-ISLAND FERRY.

To be RENTED, or SOLD,

That very valuable, much frequented, and well-established FERRY from KENT-ISLAND to the City of ANNAPOLIS. It would be sold for a very generous price, and only a small part of the purchase-money would be required of the purchaser. Good Bonds, Paper-Securities, or Negros, would be taken in payment. If the premises should not be sold before the first day of December next, they may be rented by a tenant of stability, good character, and pleasing accommodation manners and disposition, such as will ensure giving general pleasure and satisfaction to the Public. The renter may be supplied with three or four boats, and a yawl, together with every convenient and necessary small-craft, for the use and prosecution of the business, and with black hands of the first skill and nautical powers, who are of long standing and perfect experience. Comments on the peculiar situation of the premises, or any copious display of the great advantages which it has over any other route, or thoroughfare, from the Massachusetts State to the State of Georgia, are rendered unnecessary to its judicious and experienced traveller, who delights his eye with the view of a fine, healthy, and improved country, and facilitates himself in security and safety over a level bowling-green country, without the danger or risk of a jiffle or a rock—Write to the present great and growing advantage of this thriving thoroughfare, that it is the nearest, the safest, and best inland water conveyance to the great, grand, and rising WASHINGTON, the Federal City of America—Then it is the reflecting traveller is left without a choice, and without a pause.

If the applicant for renting the premises be a man of character, and of small capital, possessing the requisite qualifications, his resources will be aided by many requisite supplies; but he must be of very respectable manner, as the Public mind shall be obliged. On the premises there is, for the accommodation of gentlemen passengers, cabs, a large, spacious, and convenient WHARF, just finished, for ships of great good character, and well acquainted with the water, would be a suitable tenant. A young man, fully acquainted with an essential part of the business, and for whose honesty I will answer, would, probably, be concerned.
